

NOTE OF THANKS FROM THE EMBASSY OF FRANCE

The attaché on scientific and inter-university collaboration of the Embassy of France in Ukraine sent a note of thanks to the Rector of DonNTU Prof. A. Minaev. He expressed his gratitude for the ceremony of opening of the French-Ukrainian laboratory on robotics at DonNTU and celebration of the set up of the double Master's program between DonNTU and the University of Cergy- Pontoise.

He underlined that the collaboration between the two universities is very promising as it involves students, academics and researchers and gives them a chance to have their study courses at foreign universities and get double diplomas which is a wonderful motivation to go on paying interest to the French Engineering faculty at DonNTU.

Besides, the Embassy of France allocates scholarships for young researchers which add dynamics to the collaboration and creates its powerful potential.

The attaché ensured DonNTU's Rector in making all attempts to develop this joint initiative and expressed his hopes for the further fruitful collaboration.

THE CONGRESS OF EURO-ASIAN ASSOCIATION OF UNIVERSITIES

The XII congress of the Euro-Asian University Association (EAU) has taken place in Moscow. The Association was established on the initiative of Moscow State University named after Lomonosov in 1989 and was supported by 20 largest universities of the Soviet Union.

Today it is a very influential international organization of universities. It includes 111 institutions of Azerbaijan, Armenia, Belarus, Georgia, Kazakhstan, Kyrgyzstan, Latvia, Moldova, Russia, Tajikistan and Ukraine. DonNTU has been a member of the EAU since 2002.

The participants discussed the issues of admission of new members and elected the EAU President. The congress was timed to the 300th anniversary of M. Lomonosov who had done a lot of researches in different areas and had a lot of discoveries. He was also the father of Russian literature and physical chemistry, researched the earth and the language and a thoroughly developed genius.

THE RESEARCH COURSE IN GERMANY

The Assoc. Prof. Khmelevoi has had his research course at the Technical University of Hamburg (Germany).

He was hosted by the Institute of Solids Process Engineering and Particle Technology that deals with the fluidization technology and its industrial application. The main research is devoted to the modeling of complex flows of particles and gas.

The Assoc. Prof. Khmelevoi worked at the institute laboratories equipped with the advanced facilities to study the process of fluidization, granulation and draining. He also made some experiments for different characteristics of the boiling bed and the

boiling bed device different types. The theoretical and practical results were coordinated and the modeling algorithm was implemented.

THE INTERNATIONAL CONFERENCE IN BELARUS

The Assoc. Prof. Goncharov has taken part in the IX international scientific conference Ethno-Social and Confessional Process in the Modern Society in Belarus. He made his presentation “Rooks Have Come or Friends and Strangers in the Donbass Region: Specifics of the Regional Identity” that was highly appreciated by the audience and was followed by an active discussion. He presented the organizers with the book about DonNTU published to meet the 90th anniversary of the university (see the photo).

It is to be mentioned that the conference was held within intention agreement between DonNTU and Grodno State University signed in 2008. The agreement is aimed at exchange of academics and researches, rising of their qualification, developing of joint research and publishing of their results at both universities.

INTERNATIONAL COMPETITION OF STUDENTS' RESEARCH WORK IN FRANCE

The team of Ukraine supervised by Prof. Kazakova (a representative of the EUROTALENT of the UNESCO in Ukraine) has taken part in the international competition of students' research work in France.

All technical developments of DonNTU's students were awarded by diplomas and will be published in the international proceedings of ISBN.

DonNTU's team was included into the national team of the EU and was invited to represent Europe in the USA, Canada and New Zealand in 2012.

FOREIGN STUDENTS GO SIGHTSEEING IN DONETSK

Foreign students of DonNTU have had a bus excursion around Donetsk. They were told about John James Hughes, the founder of the city, Anatoly Solovyanenko, visited the forged figures park, hotel complex Victoria, the modern stadium Donbass Arena, the Opera and Ballet House, and saw famous monuments.

The excursion helped to get to know the city they study at and raise the interest to the cultural heritage of Donetsk and Ukraine.

NEW UNIVERSITY- PARTNER FROM BELARUS
